

Emily Katarikawe MPH, MMS

Executive Director

Responsible for providing vision, leadership and direction to ensure the strategic, programmatic, technical, and financial integrity of InPact's programs. This includes guiding the strategic planning, design and implementation of programs and achievement of planned results. Emily serves as the primary point of strategic partners including Government of Uganda, line ministries, donors, civil society and the private sector. She is also responsible for timely and cost-effective project implementation, compliance with InPact policies and procedures and adherence to the program and technical standards of the organization. She chairs all SMT meetings. Emily brings over 20 years of experience in project management, behavior change communication and demand creation on donor-funded (including USAID) multi-faceted health programs, with an emphasis on health systems strengthening at national and subnational level.

Alvin Muhwezi, M.A OLM.

Chief Operating Officer

Reporting to the Executive Director, the Chief Operating Officer is responsible for overseeing the day-to-day administrative and operational functions of the organization. Alvin's tasks involve overseeing and managing the internal affairs of the organization, developing new programs, overseeing and managing existing programs, conducting internal policy analysis, and strongly supporting fundraising for the organization. He is a member of the Senior Management Team, and leads in ensuring the quality of all InPACT's work is upheld, and that staff and the organization attain their goals. Alvin Muhwezi is a community development specialist with 15 years' experience at the forefront of advancing several policy, technological, research based and enterprise driven community development initiatives in Uganda and across Africa.
